### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Heather Molleur on 1/9/06.

The application has been amended as follows: in the specification paragraph [0009], last line, after "indium" please delete "intiminide" and insert in its place --antiminide--.

In claim 23, last line after "indium" please delete "intiminide" and insert in its place --antiminide--.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest a method comprising the combination of the steps as claimed including the forming and patterning the first, second and third layers using the first and second chemistries as recited, etching the second layer only partially through its thickness to leave a thin unetched portion of the second layer on the first layer, and conditioning the exposed surface of the first layer with a third chemistry to terminate the surface of first layer with primarily the same atomic termini.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
